1. In early July 1951 two Soviet armored divisions left Siberia for Vladivostok.* 2. Heavy military rail traffic was observed moving south from Voroshilov (43-47N, 131-54E). As the freight cars were locked, it was impossible to obtain any information as to their contents. However, tanks and heavy artillery on open cars were visible. The quantity of weapons appeared to be adequate equipment for two divisions.	8	44.)0005-3			Sanitized Copy Approved for Relea	S
